## The Divine Feminine and the Sacred Masculine: The Sacred Marriage Resurrected

Lecture and Book-Signing

The Goddess has been returning to Western consciousness for decades through the women's movement, Goddess rediscoveries, and more. We will explore some of the rich and hopeful implications of that achievement with special emphasis on the return of the Black Madonna.

It is also time to resurrect the "sacred masculine" as well so that the Goddess may have a proper consort. Much of what passes for masculinity in our culture and religion is anything but sacred. It is toxic, and this toxicity affects not only men but also women in their roles as mothers, sisters, spouses, and human beings. This lecture,

based on Matthew Fox's  
new book, *The Hidden*

*Spirituality of Men* will explore ancient archetypes of the sacred masculine including Father Sky, the Green Man, the Spiritual Warrior, Hunter-Gatherer, the Fatherly Heart, the Grandfatherly Heart (eldership), and more. There will be a question and answer discussion. The "sacred marriage of the masculine and the feminine" will be our goal.
